The Mayor's Column—New Business

Natural Creations Home Furnishings is located at 96 West Main Street in Ashville and is owned by Michael Pierce Sr. This is the former location of the Village Curiosity Shop.

They offer home decor items and a wide variety of gifts. Store hours are Tuesday through Saturday, 10 a.m. to 6 p.m. Natural Creations Home Furnishings creates hand-crafted products out of reclaimed wood whenever possible to help ensure a green future for all of us.

They also carry a large variety of mylar and latex balloons to help you celebrate that special occasion! If you are looking for something specific and they do not have it in stock, feel free to contact them and they will do their best to accommodate your needs.

This business actually started from a hobby of Mr. Pierce. He indicated that, "I had been looking at making some homemade furniture and this would give me an outlet for that in addition to the rest of the stuff that we sell. We weren't trying to re-do everything. We were just hoping to add a fresh take to what The Curiosity Shop had created over the last 33 years."

Besides homemade furniture, Pierce is attempting to bring a few more things to the table. Renaming the business Natu-

ral Creations Home Furnishings, Pierce is looking to the future. An online presence, the new owner says, is a way to attract customers who might otherwise not be reached.

They have an online store where you can buy their products. This allow ordering of items from anywhere in the country. Mr. Pierce is also looking to expand the size of the store. Aside from new items like gift supplies, Pierce is looking to eventually use his new space to attract local crafters to sell their own items. By bringing back consignment as a business practice they will be able to help serve Ashville.

As a result of that plan to expand upstairs there is a Grand Opening scheduled for Tuesday, June 16th. You can see the expanded store, new merchandise and means to establish consignment for potential customers.

"Family is very important for me and that's what we want to be in the community — a part of the family."

Village of Ashville
Ashville, Ohio 43103

Regarding: Debt Service Charge for Water Resources Recovery Facility

Dear Neighbor:

In 2009, the Village of Ashville began a process to investigate the current wastewater facility. The purpose of this analysis was to determine the village's current and future need. The following occurred:

- August 2011 URS was selected from a field of 12 engineering firms to do that investigation
- April 2012 URS submitted their Report.

While the above process was taking place the OhioEPA instituted "Findings and Orders" These "Findings and Orders" indicate that the Village of Ashville will have to replace the facility or face substantial financial penalties. While we were working on the question of our wastewater facility, the OhioEPA removed the option to "Do Nothing".

- August 2012 it was decided from the report and the OhioEPA Findings and Orders to build a new plant in a different location.
- Village of Ashville obtaining a design and acquisition loan from Ohio Water Development Authority (OWDA) for 1.1 million dollars. At the time a "Debt Service Charge" was put in place for 69¢ per thousand gallons of water to repay that loan.
- July 2014 an agreement to purchase land was completed
- March 2015 a Permit to Install (PTI) and other permits were submitted to the OhioEPA. We are now at the construction phase of the facility.

The Planning and Design by AECOM, formally URS, indicated a total price for the Water Resource Recovery Facility is estimated to be 13.4 million dollars. This price may be reduced by the actual construction cost. The Village of Ashville needs to adjust the 69¢ charge. The sooner this takes place the less future adjustment will be necessary. Therefore, the enclosed Ordinance 2015-04 is before to Village Council. The charge will be adjusted to a rate of \$1.29 or a 60¢ increase.

Just to be clear, this will not be the last increase for the facility. The intent is to spread these increases over time. All the referenced above material can be found on our website www.ashvilleohio.gov specifically on webpage <http://www.ashvilleohio.gov/index.php/utility-projects-wastewater-water>. Anytime you see the icon above you can click to find out about what is going on with this project. It is the largest project the Village has ever taken and we want to be open and transparent.

Yours Sincerely,

Franklin Christman, Village Administrator
